

Design better buildings

SketchUp Studio is for design teams that want to build better buildings. Draw in 3D, analyse building performance, generate documents, and share your designs.

SketchUp Pro

Intuitive 3D Modeler

Easy-to-use drawing tools are combined with the accuracy and detail needed to produce professional-grade models.

Sefaira

Building performance analysis

Calculate energy use, thermal comfort, daylighting, and HVAC requirements during conceptual and schematic design phases.

SketchUp Viewer

AR/VR viewing apps

Take clients on a virtual tour of a project using SketchUp Viewer for HoloLens, mobile and virtual reality devices.

LayOut

Professional documentation

Combine 3D models with Sefaira visuals to generate compelling documents for presentations and bids.

Trimble Connect

Cloud collaboration

Link data from more than 60 industry tools to keep projects running on schedule and on budget, throughout the build.

SketchUp for Web

Web browser modeling

SketchUp for Web features core modeling tools in the web browser. Model from anywhere, at anytime.
